# LATEST ONCOLOGY BOOKS

Dear Colleague

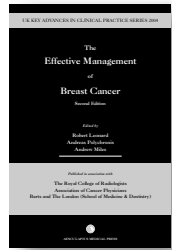

The clinical volumes listed here are all immediately available to be dispatched within one working week following receipt of orders. Each are substantial, state-of-the-art volumes written by eminent colleagues in the field and published in association with Royal Colleges and specialist clinical associations and societies. All books derive directly from the *UK Key Advances in Clinical Practice Series* and document current scientific evidence and expert opinion for the investigation, management and follow-up of the given disease, setting this clinical knowledge within the context of service organisation and delivery and with reference to the requirements of current NHS policies.
